

THE NORFOLK WEEKLY NEWS.

NORFOLK, NEBRASKA, THURSDAY, MARCH 9, 1899.

SENATOR IS NOW JUDGE

Mr. Allen is Appointed as Robinson's Successor.

OCCUPY BENCH NINTH DISTRICT.

Selection of the Ex-Senator Was Announced by Governor Poynter Last Evening—Further Details of the Election of M. L. Hayward as United States Senator.

LINCOLN, March 9.—Governor Poynter last evening appointed Retiring United States Senator William V. Allen a judge to fill the vacancy caused by the election of John S. Robinson as congressman from the Third district. It is understood Mr. Allen will accept.

Senator Hayward.

LINCOLN, March 9.—Judge Monroe Leland Hayward of Nebraska City was yesterday formally declared elected on the 43d ballot of the joint session, the longest deadlock ever held in the state.

The members voted exactly on partisan lines, every Republican voting for Judge Hayward and every fusionist voting for ex-Senator Allen. The only absentee was Grafton, Republican, of Saline. At the close of the roll call the chair announced that Hayward had received 74 votes and Allen 58 votes, he therefore declared M. L. Hayward elected United States senator for the term of six years. This was followed by long and continued cheers.

Senator Hayward took the platform and said in effect: "I congratulate you heartily on the ending of the long struggle and on your relief from the candidates that have haunted you for weeks past. You can go to your rooms now with no fear of finding candidates both under and on your bed. This legislature I know to be the best one to be elected in 20 years, because I have been with the members morning, noon and night. The fusionists are deserving of praise for their solid stand for their party leader, William V. Allen. The outcome of this struggle further carries out the best platform that pen ever wrote, that of the grand old Republican party. The territorial questions, now of greatest interest to the people, are too new to admit of discussion here. The Republican party will follow its grand leader, William McKinley, with the assurance that all problems will be worked out in the best way. The people for whose defense the war was undertaken will never be deserted by this government."

Senator Allen also congratulated the members on the ending of the struggle, and tendered his thanks to the friends who had stood by him so manfully. He said that in the last six years there had been many political events and changes and he was sure that in national affairs the Populists and fusion forces had taken a prominent part. It was the fusion force in congress that forced the president to act in the recent war. It was the fusion force that had made the treaty of peace possible. He said he had now come home without a regret and would try to carry the fusion flag to the forefront. He closed the speech with thanks to the Republicans for their kind treatment of him during the contest.

BARKWORTH FOR JUDGE.

Michigan Democrats Reaffirm Chicago Platform and Denounce Trusts.

KALAMAZOO, March 9.—Thomas E. Barkworth, a leading attorney of Jackson, was nominated yesterday by the Democratic state convention for justice of the supreme court. He received 452 of the 773 delegates' votes cast on the first ballot, and it was made unanimous. The contest was wholly between Mr. Barkworth and ex-Justice Allen B. Morse, the four other candidates having withdrawn before the first ballot was completed. Prior to the convention it was asserted and denied that Judge Morse's sympathies in the last presidential campaign were with the gold standard Democracy, and this is believed to have affected the result. All elements of the silver fusion were well represented among the delegates, and the nominations for regents of the state university were given to Edward Legendre (Dem.) of Calumet and Stanley Parkhill of Owosso.

The resolutions adopted reaffirm the Chicago platform, protest against retirement of treasury notes, denounce trusts, demand an amendment to the constitution making an income tax possible, declare for disposition of the colonies for the best interests of the people, protest against a large standing army, praise the service of the army and navy and congratulate the party on having the leadership of Colonel Bryan.

Saulsbury Enters the Race.

DOVER, Del., March 9.—The entrance of William Saulsbury of Wilmington into the senatorial race yesterday presents a new aspect in the contest. Mr. Saulsbury, who received the full support of the 21 Democrats, may also be voted for by the entire minority on the last three days of the legislature, Friday, Saturday and Monday. This will be done, it is understood, for the purpose of endeavoring to draw sufficient strength from either the regular Republicans or the union Republicans to secure an election.

Cannon Gets Thirteen Votes.

SALT LAKE, March 9.—The proceedings of the joint assembly were somewhat sensational yesterday. The chief feature of the senatorial ballot was the entry of a new candidate into the contest. Ten Republicans and three Democrats voted for Hon. George J. Cannon.

Ohio Flood Is Subsiding.

CINCINNATI, March 9.—The river at Cincinnati had its maximum at 1 p. m. yesterday of 57.4. At 2 o'clock it began to fall and with slight fluctuations once or twice in reaching the maximum it was practically stationary until 8 o'clock last night. At 9 o'clock it had fallen one inch. At all points from Cincinnati to the headwaters of the Ohio the river is falling, while at all points below Cincinnati it is rising. Fair and cold weather is reported from the upper Ohio and tributaries. Navigation is resumed at all points except that boats will not start from Pittsburgh to Cincinnati until Saturday. At Charleston, W. Va., the Kanawha has fallen very rapidly and people driven from their homes by the flood are returning.

Cole Placed on Trial.

BLOOMINGTON, Neb., March 9.—In the Krichbaum murder case the prisoners, Cole and Tooman, were brought into court and demanded separate trials. The defense made an effort to have Tooman tried first, but the prosecution had its way, and forced Cole to trial.

CONTINUED CASUALTIES.

PRINCESS KAILANI IS DYING.

Suffers a Probably Fatal Attack of Rheumatism of the Heart.

HONOLULU, March 9.—(Via San Francisco, March 9.)—Princess Kailani is on her deathbed. Rheumatism has affected her heart and there is no hope for her recovery. Since the princess has been in Honolulu she has received very considerate treatment from the government in power. When she took the oath of allegiance to the republic of Hawaii she was granted a liberal pension and the last legislature renewed the allowance. Some weeks ago a paper was circulated among the business men praying the United States congress to make some provision for the young woman. The paper is now in Washington.

Encouraging For Strikers.

FORT SMITH, Ark., March 9.—The situation in the coal field is very encouraging to the strikers. At Wilburton, all nonunion men have been laid off by the Wilburton Coal company and no further effort is being made to take coal out there. At Hartshorne, a few imported men are at work in mine No. 1. All other mines of the Choctaw company are idle. Strikers report that some of the guards at Hartshorne are frequently intoxicated and act menacingly towards the idle miners. There is some excitement at Howe and trouble is not unlikely there. The United Mine Workers' committee met Superintendent Needham of the Babbitt mines and attempted to effect a settlement. The superintendent refused to sign the scale and has notified the miners to vacate the company's houses. Deputy marshals and Indian police are guarding the mines. The trouble is expected when the evictions begin.

Schurz the Guest of Honor.

NEW YORK, March 9.—Hon. Carl Schurz was the guest of honor at a banquet given in Leiderschneider hall in honor of Mr. Schurz's 70th birthday, and more than 200 friends of Mr. Schurz were present. Diplomas of honorary membership in a number of different societies were presented to him. The Leiderschneider society gave him a magnificent punch bowl and ladle in solid silver. An address of congratulations signed by 100,000 German-Americans in all parts of the United States, was given to him and it was announced that it had been decided to raise \$20,000 to found a library and endow a Schurz chair of German literature at Columbia university.

High Dive May Prove Fatal.

NEW YORK, March 9.—Thomas Donaldson, known the world over as a champion high diver, dove from the roof of Madison Square garden, a distance of 85 feet, yesterday afternoon with fatal results. Donaldson travelled for some years with Barnum & Bailey and has been the star attraction at the sportsman's show now running in the garden. He has been making two dives daily. The tank is less than eight feet deep.

MATAAFA NOT IN FAVOR

His Rule Not a Success and Malietoa Gains Strength.

STILL THWARTED BY GERMANS.

Chief Justice Chambers' Authority Is Recognized With Bad Grace—Natives and Foreigners Alike Feel Very Nervous Over the Unsatisfactory Condition of Affairs in the Island.

APIA, Samoa, Feb. 23.—(Via San Francisco.)—Four weeks have elapsed since the last mail dispatches left here for San Francisco concerning the outbreak of civil war between the adherents of Tannu Malietoa and Mataafa. During this time Samoa has been free from any active warfare. The provincial government under Mataafa has not been a success; it has estranged the feelings of many of its own supporters by the deportation of the Malietoa chiefs and the banishing from Apia of all male Samoans who were on Malietoa's side. Malietoa seems to be gaining strength every day and several of Mataafa's chief adherents have gone over to his side.

Chief Justice Chambers, although now recognized by the German consul under instructions from Germany, is still being thwarted in every possible way by the Germans. Dr. Raffel was cited by the chief justice for contempt, but declined to come to court, and placed himself under the protection of the German consul. He was arrested by the marshal of the court, but on his refusal to go no attempt was made to force him. The chief justice rested content with having brought the matter to this issue.

Rough Riders Back From Bluefields.

NEW ORLEANS, March 9.—The steamship Condor arrived last night from Bluefields, with 41 passengers aboard, mostly the Americans composing the body known as Rough Riders, with Captain J. C. Kennedy in command. They tell the story of the revolution which failed. They had been sent to attack Greytown, marching overland, and the San Jacinto, the gunboat which the revolutionists seized, was kept close to the shore to supply them with rations and aid in the attack. When they got half way they ran into another gunboat which Nicaragua had borrowed from Honduras. The San Jacinto ran up the white flag. Both boats steamed up and made known the fact that the revolution was over and Reyes had fled. They went back to Bluefields and found the revolution really over. Eleven Americans had led a victory at Rama, but after that were deserted by the natives and also compelled to return to Bluefields.

Bereford Back Home.

LONDON, March 9.—The Daily Mail publishes an interview with Lord Charles Bereford. He could say little about his tour until he had completed his voluminous report to the Associated Chambers of Commerce, which sent him on his tour, but he insisted if all the powers began grabbing land in China it could only result in quarrels and war. "It is absolutely necessary," he said, "to keep China on her feet. Better stand up now for the 'open door' than venture upon the dangerous course of spheres of influence. I do not suggest a cut and dried alliance. I do not think America would join such an alliance. But America, England, Germany and Japan might agree to work together to maintain the open door."

Decision In Omaha Mayoralty Case.

LINCOLN, March 9.—The supreme court yesterday disposed of the Omaha mayoralty contest by dismissing the appeal on rehearing of Mayor Frank E. Moore, declaring him ineligible to hold the office. The court also finds that ex-Mayor Broatch, who brought the proceedings for a writ of ouster, is ineligible and his petition without standing in the court. Under the decision it now rests with the president of the Omaha city council to begin proceedings to unseat Mayor Moore, but as it is understood he is a partisan of the mayor, the latter will probably be allowed to serve his term out.

Volunteers In Cuba to Be Returned.

WASHINGTON, March 9.—Orders were issued at the war department today for the Twelfth New York volunteers, now in Matanzas, Cuba, to take passage on the transport Berlin for New York city, where it will be mustered out. This is the beginning of the general movement for the muster out of all the volunteer troops stationed in Cuba, and indicates that the administration believes that the time has come when it can reduce its military forces in Cuba.

Spaniards Want Protection.

HAVANA, March 9.—A Spanish newspaper publishes a story to the effect that a party of armed Cubans is terrorizing the Spaniards at Mayori. It says also that these Cubans have murdered several Spaniards near Barajas and mentions cases of the persecution of Spaniards at Calabazas, province of Santa Clara. In conclusion the newspaper asks the American authorities to inquire into the matter and to afford protection to the Spaniards.

Jim Hall Defeats Lawler.

MEMPHIS, March 9.—Jim Hall, champion of Australia, last night defeated Charlie Lawler of Louisville, after 10 rounds of fairly good fighting. Honors were about even up to the 10th round. Lawler forced the fighting, but seemed to do but little damage. Hall drew first blood in the third round.

OCEAN TUG IS WRECKED.

Goes to the Bottom With Eleven Persons, Off Hog Island.

NORFOLK, Va., March 9.—The loss of the tug Bowen with all on board off Hog Island, is confirmed, but the crew of the dredge showing in the offing at the time were picked up by the German steamship Albino, bound from New York to Newport News. The tug was lost in a snow storm. She was towing the steam barge Admiral to Philadelphia. The assistant superintendent was lost aboard her. He was Captain William G. Cannon and lived in Camden. The others lost were: Captain James E. Bowen, Thomas Crump, Samuel Fowler, Pilot Philipp, Mate Conlison, two firemen, cook and two sailors. The tug was swamped by an unusually heavy sea just after cutting loose from the dredge. The second mate of the steam barge Albino was drowned while attempting the rescue of those on the dredge. Their sufferings, exposed as they were to the snow storm, were dreadful and when taken off the dredge they were exhausted.

Gomez Is Keeping His Promise.

HAVANA, March 9.—General Maximo Gomez had a two-hour conference with Governor General Brooke yesterday regarding the details of the payment to the Cuban army of the \$3,000,000 tendered by the United States as a condition of disbandment. He is working in good faith and expects to disband the troops with or without the consent of the disaffected elements. He is making an excellent impression upon the United States military authorities here, and they confidently believe that he will be able to make good his agreement with Robert P. Porter, President McKinley's representative. It is said that the distribution of the cash will begin in the course of a fortnight at the latest.

Troops Suffer From Heat.

MANILA, March 9.—The temperature at 3 o'clock was 87 degrees, but the cloudy air was like steam and the troops were greatly inconvenienced on the line in spite of the temporary shade afforded by matting and bamboos wherever feasible. There were few prostrations, however, from the heat.

Our troops are not compelled to remain in the open country to the same extent as yesterday, when they were engaged in clearing the jungle. The rebels seldom appear in the open except in the cool of the morning and in the evening. The soldiers probably will feel the heat less when they are on the move. The French second class cruiser Jean Bart has arrived here.

Debate on French Army Budget.

PARIS, March 9.—In the chamber of deputies the debate on the army budget led to the usual references to the necessity for preparedness against Germany and to comparisons of the two armies. The minister of war, M. de Freycinet, admitted that the French effective was inferior to the German, but he pointed out that it was impossible to remedy this, owing to the lack of population. France must meet quantity by quality. The rifles and guns of the French army are without their equals and the country, therefore, might await the future with confidence.

New National Guard Mustered In.

SIOUX CITY, March 9.—All is in readiness in Sioux City for the work of mustering Companies H and L into the reorganized guard. Adjutant General Byers is expected in Sioux City tomorrow for this purpose and several meetings of the members of the companies have been held to prepare for his official visit. Almost enough names have been secured to make up the quota required, and the young men have undergone the physical examinations preparatory to filling out their muster papers.

BAD WORK OF IMMUNES

Negro Volunteers Too Handy With Their Guns.

TERRORIZE SOUTHERN TOWNS.

Two Colored Regiments Mustered Out at Macon Celebrate by Free Use of Revolvers—Most Hot Reception at Griffin From the Local Militia—Nashville Police Club Eighth Immunes.

ATLANTA, Ga., March 9.—The Tenth Immunes (colored), Colonel Jones, who were mustered out at Macon yesterday, began to show their ill temper as soon as the train bearing the negroes home began to move out of Macon. Producing revolvers and other arms, which they in some way managed to smuggle with them, they began firing from the windows. Bullets flew in every direction as the train sped on and passengers were compelled to seek shelter. Luckily only one person was shot in Macon, Will Goodyear, a 16-year-old white boy, whose arm was fractured by a ball. As the train passed the various stations on the road the rioting was renewed, shots being fired from the train at the people standing on the platforms to see the train go by.

At Griffin, Ga., where the first section of the train stopped at 2:30 p. m., occurred the most serious trouble of the day. The regiment came over the Central Georgia railroad in three sections. When the train stopped at Griffin the negroes, who by this time had filled up on whisky, began firing their pistols and yelling like Indians. Over 200 shots were fired and the police were powerless to resist. The city was at the mercy of the negroes, who kept up a fusillade of shots until the train was carried beyond the city limits. The news of the outrageous conduct spread rapidly over Griffin and it was determined that the next section of the regiment should be held in check. Mayor Davis ordered out the Griffin rifles. When the second section came in sight above the roar of the train could be heard the rattle of the firearms, which were being discharged indiscriminately. When the train came to a standstill the negroes saw 200 heavily armed men who commanded them to keep quiet. The negroes were awed and with a few exceptions were as docile as lambs. To those who proved fractious cracked heads were administered. When the train pulled out from the depot and the negroes thought they were out of reach of the citizens they began firing at houses. At the first shot a volley was poured into the disappearing train by the citizens and militia. Unfortunately George Agee, a trainman, was shot in the abdomen and fatally wounded and one negro was clipped on the shoulder by a bullet. As the several sections came into the union depot here they were met by the police reserve, heavily armed. The negroes were evidently awed and gave the police no trouble.

Police Club Negro Soldiers.

NASHVILLE, March 9.—About 500 men of the Eighth immunes mustered out in Chattanooga reached here just before midnight. Fifty police and detectives were at the station to preserve order. The sergeant who had shot two people at Chattanooga was searched for clubs freely in forcing the negroes to give up their pistols and remain in the cars, but there was no firing. Police were refused admittance to one car by armed negroes at the door. They forced their way in, demanded all weapons, and in this car there was much clubbing, some negroes being badly beaten. The chief causes of the trouble were refusal to remain in the cars, to give up pistols and insulting language to the police.

Work of Missouri Whitecaps.

MISSOURI CITY, March 9.—A mob of about 60 men, all masked, rode into Missouri City and went to the jail, battered down the jail door and seized Odil Summers, alias "Reuben Blue," who was locked up on a charge of vagrancy. They took him to the public school grounds, stripped him, tied him to a tree and lashed him 40 times with a twisted grass rope. He was then released and warned to leave Clay county and never return. After Summers had been disposed of, the mob went to the home of Perry Chaney, a respectable teamster, and secured his nephew, Jim Jackson. The mob then went successively to the homes of Jesse Yates, Jr., Joe Asbury, Dennis Stevens and Bob Monkers, taking each with them as they went. The five prisoners were taken to a stone quarry, stripped, whipped and admonished to leave Clay county. Asbury sold his property and will start today for Denver. The victims declare that they don't know why they were punished.

Morgan Denies Coal Combine Story.

NEW YORK, March 9.—The story that J. Pierpont Morgan had succeeded in securing the assent of the Reading's English stockholders to a gigantic scheme to consolidate all the great eastern coal interests was denied by Mr.

Evidence All In and Arguments Begun In Gould Blackmailing Case.

ALBANY, March 9.—The taking of evidence was terminated yesterday in the trial of Mrs. Margaret Cody, charged with attempting to blackmail the heirs of Jay Gould, and counsel will begin their closing arguments today. In rebuttal the prosecution called Mrs. Mary Angell, the alleged wife of Jay Gould. She testified that she never saw Jay Gould, that she never told Mrs. Cody that she was married to Jay Gould. Mrs. Cody had promised her \$5,000,000 if the suit against the Goulds was successful, she said. Mrs. Angell's husband testified in much the same line. David N. Carvalho, a handwriting expert, identified as genuine a letter signed by Mrs. Cody and addressed to the son of the clergyman who was alleged to have married Jay Gould and Mrs. Angell. The letter offers \$20,000 for a copy of the marriage certificate.

Packing Company Reorganized.

CEDAR RAPIDS, Ia., March 9.—The management of the T. M. Sinclair & Co. packing house yesterday changed hands and hereafter will be known as the T. M. Sinclair company, limited, with a capital stock of \$1,500,000. Charles B. Soutter, who has been president and general manager of the institution for the last 15 years, retires from active participation in the management, although he still retains a portion of the stock. The officers elected yesterday are: President, Sidney E. Sinclair; vice president, Henry B. Soutter; secretary, treasurer, Robert S. Sinclair.
